2.2.2. There are a limited number of other employees available to perform the function or among whom the function can be distributed; or

An employee who believes a disability prevents or hampers their ability to perform an essential function of their position must complete the Marion County Reasonable Accommodation Request forms. These forms may be obtained from their supervisor, human resources program staff, or on the county intranet web page.

3.2. The county may require the employee to obtain a statement from the employee's healthcare provider to certify that the employee has a covered disability for which he/she needs a reasonable accommodation. The employee must take a copy of their Essential Job Functions and an Interactive Process Questionnaire to their medical provider for completion. The employee must submit the completed documentation to the assigned human resources analyst.

3.3. The employee's supervisor shall forward the request for accommodation and any supporting medical provider documentation to the assigned human resources analyst.

3.4. Request for accommodation shall be reviewed by the Marion County ADA Committee. The committee will evaluate requests for accommodation, make recommendations as part of the interactive process and approve appropriate reasonable accommodations.

3.5. Human resources program staff will provide the employee with written determination on the accommodation request and what, if any, accommodation will be provided.

3.6. The employee may request reconsideration of the accommodation decision or provide additional information in support of the request.
